

INOX CARPENTERIA JOIN FCF: MORE SERVICES AND GREATER EFFICIENCY

FCF srl, a historic Italian company in the field of mechanical processing, has acquired Inox Carpenteria, which will continue to operate with the professionalism and punctuality that have always distinguished it. Thanks to this operation, FCF and Inox Carpenteria have further strengthened themselves.

The integration of the services offered generates a high-value production chain, complete with all stages of production to ensure customer requirements are met.
